

Capital Development Associate- Real Estate/ Oil & Gas

J. Herzog & Sons (JHS) was founded in 1901 and is located in beautiful Denver, Colorado. JHS is a commercial real estate management firm with a large national portfolio. JHS Energy is our oil & gas division that actively acquires minerals interests throughout the United States

We are seeking a bright, dynamic, enthusiastic individual who will be instrumental in assisting us in raising capital. This person will work directly with senior management to raise capital for future partnerships. They will be essential in establishing key relationships with private equity investors that want to invest in commercial real estate and oil & gas.

This individual must have demonstrated the ability to raise private equity capital. This individual should be passionate about our products and be able to **sell** our investment opportunities to investors. Please visit our website to learn more about JHS and view our existing portfolio at jherzog.com.

Candidate must have a proven track record sourcing and underwriting equity/debt for large complex investments required. Candidate must be driven to succeed and possess strong selling skills. Candidate must have proven track record of closing deals.

Position requires a business degree and experience in raising private equity. Experience with investment banking or working for a private equity firm strongly desired.

Enjoy working at a company that is dynamic, diverse and values their employees that also offers an excellent benefit package!

For immediate consideration, qualified candidates please e-mail resume and salary requirements to jobs@jherzog.com. Please reference "Capital" in the subject line.
